The Sanctuary Spa launches "Classic" Eau De Toilette Fragrance

The Sanctuary has long been famous for its phenomenally popular fragrance used in its classic bath and body ranges. So much so - that after an overwhelming demand from customers - they have decided to bottle it! The beautiful Sanctuary Classic Eau de Toilette will be available this Autumn in a stunning, elegant glass bottle at an incredible price of £12.95 (70ml).

This sensuous Sanctuary Classic scent is an exotic oriental blend of fresh bergamot, sharp sorbet citrus fruits and floral notes of rose and jasmine. These are balanced with spicy cardamom - known to add life and happiness to the heart - creamy vanilla, sensuous patchouli and sandalwood to evoke a long lasting subtle expression of elegance and femininity which is also paraben free.

The Sanctuary Classic Eau De Toilette is perfect for layering with our Sanctuary Spa Essential products; start your precious beauty regime using the indulgent creamy body wash (£4.75), followed by a generous helping of a luxurious fluffy body crème (try Crème Soufflé £8.95), and finish with a spritz of the new Classic Eau De Toilette.

The Sanctuary Classic Eau De Toilette (70ml) is priced at £12.95 and is available from all Boots stores nationwide and at The Sanctuary, 12 Floral Street, Covent Garden or visit www.thesanctuary.co.uk and purchase online. Available from September 2008.
